

Sheet 5

Web pages Design

Objective: upon successful completion of this sheet, the students should be able to design web pages using tables and some of the inline CSS properties.

1. Design the following web page.

Note that:

- The phrase “Welcome to Faculty of Science – Ain Shams University” is formatted in italic and has a shadow effect, as shown in the following image. This effect can be done by using the CSS “text-shadow” property with values 1.7px 1.7px #9CA889 for horizontal-shadow, vertical-shadow, and color, respectively.

Welcome to Faculty of Science - Ain Shams University

- The content part of the web page is designed using a table markup.

Hint:

- The color codes used in designing the web page are:
 - #2554C7, ● #4169E1, ● #488AC7, and ● #8EEBEC.
- The HTML symbol for © is “©”.
